

Position: Conceptual Designer (Full Time, On-Site)

Job Summary: This team member will be a part of the Boxman Design team, reporting to the Creative Director, and will generate exciting, creative, and accurate project and product proposals for clients and internal Boxman stakeholders. Provides 2D conceptual layouts, floorplans, and 3D conceptual images and renderings of ideations for client presentations, usually in Powerpoint. Provides sales support and works directly with the rest of the design team, sales, marketing, and project management. These designs consist of modular structures and buildings, from temporary marketing builds to permanent restaurants in nature.

Requirements & Responsibilities

- Exceptional SketchUp modeling and software skills a must. Solidworks and/or AutoCAD a bonus.
- Adobe Creative Suite of products- Photoshop, Acrobat a must. Illustrator, InDesign, etc. a bonus.
- Microsoft Office Suite of products- Word, Powerpoint, Outlook, basic OneDrive and Excel skills a must.
- General building knowledge and practice. Knowledge of commercial construction projects including retail, industrial, office, food/beverage and hospitality projects a bonus.
- Ability to perform large scale concepts- upwards of \$2MM project total.
- Basic plan takeoff skills, ability to measure and convert units.
- Ability to work quickly on PC.
- Ability to handle multiple projects and deadlines.
- Sales support- direct communication with the Sales Department and potentially the Client.
- Develop concepts based on a range of information, from SOW and sketches to schematic drawings.
- Find and implement innovative ways to save build costs via design.
- Find and correct new and existing errors in existing templates and libraries.
- Work with Estimating and Engineering on assembly and standard part pricing to develop an assembly library in SketchUp.
- Exceptional attention to detail.
- Problem solver- ability to understand how to mitigate risk daily.
- Flexibility with timelines, ability to change course quickly.
- Experience in HubSpot.
- Ability to schedule projects and be an organized self-starter.
- 0-3 years of experience in a related field.
- Bachelor's degree in Industrial Design, Architecture, Interior Design etc.
- Uphold and exemplify Boxman Studios' Core Values (provided below).
